Feminism as a Literary Movement. Feminism in Literature. The concept of Feminism, in general, has been concerned to an analysis of the trend of male domination in the society; the general attitude of male towards female; the exploitation and discrimination faced by females; the need for and ways of improving the condition of women; and, so on. The adoption of the concept by literature in a formal manner led to the study of all the aspects of human life; like social, cultural, educational, professional and financial; with an intent to expose the intentional and unintentional efforts of the society to maintain or intensify the effects of patriarchal superiority. Feminism believes that the language of women writers gives full expression to their ego. I and IV are correct. I, II, III are correct.

American History Through Literature 1870-1920

Freeman was among the first American women authors to write openly about the complexity of female sexuality, the role of work in women’s lives, the experience and stigma of nineteenth-century spin-sterhood, and the unique relationships that women form outside of marriage and motherhood. Her finest work reflects her experience as an unmarried woman who struggled both within and against the ideology of nineteenth-century womanhood.
