Introduction to Critical Care Nursing

Edited by: Mary Lou Sole, Deborah G. Klein, Marthe J. Moseley.

Contains chapter by College at Brockport faculty member Zara Brenner and Jeanne Powers, Rochester General Hospital: Endocrine alterations.

Illustrated by color diagrams, this undergraduate nursing textbook addresses the ethical and legal issues involved with nursing critically ill patients, introduces techniques for hemodynamic monitoring and ventilatory assistance, and walks through the assessment and treatment of common problems seen in critical care settings. The fifth edition adds evidence-based practice boxes, genetics features, and a chapter on end-of-life care.
